EDUCATION

BTech CSE
MediCaps University
08/2020 - 05/2024   *Indore, 9.23 CGPA*

High School
Shri Agrasen Vidyalaya
06/2017 - 04/2019   *Indore, 75.2%*

Secondary School
Advanced Academy
06/2015 - 03/2017   *Indore, 10 CGPA*

WORK EXPERIENCE

Front End Developer Intern
Arch Labs
11/2021 - 01/2022   *Indore*

Key responsibilities:

- ReactJS Development: Actively participated in the development and enhancement of frontend components using ReactJS, ensuring a seamless and interactive user experience.
- JavaScript Expertise: Applied my strong command of JavaScript to implement dynamic functionalities, enhance user interactivity, and troubleshoot issues within the frontend architecture.
- Version Control with GitHub: Managed and collaborated on projects using Git and GitHub, fostering efficient version control, collaboration, and codebase management.
- Design Collaboration with Figma: Worked closely with design teams, interpreting Figma designs into functional and aesthetically pleasing web interfaces. Ensured alignment between design concepts and the implemented frontend components.
- Communication Skills: Effectively communicated progress, challenges, and solutions within a collaborative team environment. Engaged in regular discussions to align development efforts with project goals and timelines.
- Problem Solving: Identifying and resolving frontend issues, debugging code, and optimizing performance to deliver high-quality, error-free applications.
- Continuous Learning: Actively staying updated on industry trends, best practices, and emerging technologies to contribute innovative solutions and maintain a cutting-edge skill set.

SKILLS

Python   ReactJS   JavaScript   HTML   CSS
Bootstrap   jQuery   My SQL   Problem Solving
Communication   Leadership   Team Work

PERSONAL PROJECTS

Bookify ⎋
- Bookify is a dynamic online book store designed to provide users with a seamless and visually appealing experience for exploring and purchasing books. The frontend of the application is meticulously crafted to ensure an intuitive user interface that caters to book enthusiasts.

Ankuram ⎋
- The heart of this project lies in its mission to enhance the prenatal experience for pregnant women. Our website enables them to play audio clips specifically curated for nurturing the cognitive development of their unborn child.

Space Tourism ⎋
- This user-friendly frontend website provides an interactive map that displays the real-time distance of planets from Earth and estimates the travel time using cutting-edge spacecraft technology. Explore detailed profiles of our experienced crew members, including astronauts and engineers, who will accompany you on this extraordinary journey.
